

Dear 3E Parents –

It's hard to believe, but the end of the school year is quickly approaching! Before it's here, the entire school will celebrate Teacher Appreciation Week during the week of May 17th – May 21st.

We'd like to make this week special not only for Mrs. Winfrey, but also for our adopted specials teachers, Mrs. Turner and Mrs. Van Patten. Plans for this week are still being put together, but in the past classes have done things like give the teachers flowers, memory books, cards, lunch, small gifts and also held a small class party on the Friday of that week. Room parents generally try to do one special thing for the teacher from the class each day of the week during Teacher Appreciation week. If you would like to contribute to the class gifts/activities of that week, you may note the amount of contribution by teacher on the attached form and return it in the enclosed envelope. Of course, if you have any suggestions or ideas for fun things to do during Teacher Appreciation Week for any of the teachers, please feel free to share them with the room parents.

As a part of Teacher Appreciation week, we'd also like to ask each 3E student to make a page (8 ½ inches by 11 inches please) for Mrs. Winfrey. All the pages will be put together to make a memory book along with some pictures. Pages can include a note to Mrs. Winfrey and/or a drawing or whatever else your child thinks of that would be able to be included in a memory book. We'd like to have these pages returned in the enclosed envelope by April 23rd.

Please return any contributions you'd like to make to these activities, along with the attached form indicating how you'd like your contribution divided, and your child's page for the memory book by April 23rd. If you have any questions (or ideas!) please feel free to contact either Carrie Clark (phone is 972-401-1928; e-mail is gregcarrie@tx.rr.com) or India Stanberry (phone is 972-506-0843; e-mail is IndiaRS@AOL.com). Thank you!
